Description: This trail takes us from the town of Peguera to the defence tower of Cap Andritxol. The first part of the route follows Calle de Cala Fornells until it reaches the bays of the same name. From here on, the route follows a forest path among pine and wild olive trees until it reaches Caló des Monjo, a small, peaceful bay famous for being used as the setting for one of the scenes in the thriller *Evil Under the Sun*, directed by Guy Hamilton. The route continues on to the defence tower of Cap Andritxol, a building related to the control of the coast during the modern era when Mallorca was under constant attacks from pirates. From the tower we can enjoy views of the coast of Calvià and Camp de Mar.
